

## **Reading Rewards Program**

Every adult or young adult who turns in five brief reviews of books they like for the "Patron Recommendations" section in the library will be presented with a hardcover Book Lover's Diary. Library patrons who submit a list of 50 books they have read will receive a gold library card. Library patrons who submit a list of 100 books they have read will receive a platinum library card.

The Reading Rewards program was created to promote reading among all ages and to help celebrate the many ways reading improves lives through emotional enrichment, education and community.
